Reed R7200-NIST Stroboscope, Pistol Grip W/Nist Cert

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R7200-NIST Stroboscope, Pistol Grip W/Nist Cert

Manufacturer: Reed Instruments

Model: MEA-REE-03048

Availability: In Stock

Description

A pistol-grip LED stroboscope built for non-contact speed checks on rotating equipment like fans, motors, and gears. It flashes across a 60 to 99,999 FPM/RPM range with a claimed 0.001% accuracy, shows readings on a 5-digit LCD, and lets the operator step through multiples with a 1x/10x/100x button for quick verification. Runs on a rechargeable 7.4V Li-ion pack rated for roughly 8 hours of use, and this NIST-certified version ships with a traceable calibration certificate.
