Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R9000-20M Replacement 20m (131') Cable With Reel For R9000

Manufacturer: Reed Instruments

Model: MEA-REE-03050

Availability: In Stock

Description

A 20-meter (about 131 ft) replacement push-cable for the REED R9000 HD video pipe inspection system, supplied already wound onto its own metal reel for straightforward swap-in installation. It lets users extend or replace the run of cable connecting the camera head to the R9000 control unit without needing a separate spooling step.
