Reed R1300 Precision Calibration Screwdriver

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R1300 Precision Calibration Screwdriver

Manufacturer: Reed Instruments

Model: MEA-REE-03055

Availability: In Stock

Description

The R1300 is a compact field screwdriver built for calibrating and servicing sound level meters and other small instruments. It carries two double-ended, chrome-vanadium magnetic bits (Phillips and flathead tips) in a slip-resistant rubber-grip handle with a pocket clip for portability.
