

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

FOIF FDJ6-LI Charger

Manufacturer: Suzhou FOIF

Model: SUR-SUZ-03237

Availability: In Stock

Description

The FOIF FDJ6-LI is an essential, high-performance lithium-ion battery charger engineered specifically for professional surveying instruments. Whether you are in the office or preparing for a rigorous day in the field, this intelligent charger ensures your equipment remains powered and ready for precision work. Product Overview Designed to meet the exact voltage and current requirements of FOIF's proprietary lithium-ion systems, the FDJ6-LI provides a stable and safe charging environment. It is the official replacement for original FOIF power kits, offering a reliable alternative to generic chargers that can often lead to undercharging or battery degradation. Key Features Intelli...
