SinoGNSS LS300 Laser Scanner M300 DJI Drone Mount Kit

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

SinoGNSS LS300 Laser Scanner M300 DJI Drone Mount Kit

Manufacturer: ERP Manufacturer #15

Model: SUR-SIN-03403

Availability: In Stock

Description

This mount kit lets the SinoGNSS LS300 3D laser scanner pair with a DJI Matrice 300 drone for aerial LiDAR mapping. It's built from aviation-grade aluminum and ABS, weighs about 270g, and typically takes under 3 minutes to install on the aircraft, extending the LS300's SLAM-based scanning to airborne survey work.
