SinoGNSS LS300 Laser Scanner Backpack Mount Kit

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

SinoGNSS LS300 Laser Scanner Backpack Mount Kit

Manufacturer: ERP Manufacturer #15

Model: SUR-SIN-03405

Availability: In Stock

Description

The backpack kit turns the LS300 into a wearable mobile mapping rig for walking surveys outdoors. It's roughly 33x26x16cm, weighs about 2.21kg, uses an aviation aluminum/ABS frame, and installs in under a minute -- suited to corridor, campus, or site mapping where a handheld or drone rig isn't practical.
