Manufacturer: Suzhou FOIF

Model: SUR-SUZ-04382

Availability: In Stock

Description

This FOIF Quick Release Pole Bracket is a rugged, high-precision mounting solution designed for professional land surveyors and GIS specialists. Engineered for efficiency in the field, it allows for the seamless attachment of data collectors and handheld controllers to standard surveying poles. Key Features Quick-Release Mechanism: Features a spring-loaded or push-button quick-release system that allows for instantaneous mounting and dismounting of the controller without fumbling with screws. Integrated Level Vial: Equipped with a high-sensitivity circular bubble vial to ensure your pole is perfectly vertical, maintaining the highest level of accuracy for GNSS and Total Station me...
