Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

SinoGnss R50 Field Controller Incl. Survey Master Software

Manufacturer: ERP Manufacturer #15

Model: SUR-SIN-04435

Availability: In Stock

Description

The SinoGNSS R50 is a rugged Android 12 field controller built for professional GNSS survey work, backed by a 4GB/64GB Qualcomm platform and a 7000mAh battery rated for over 16 hours of continuous field use. Its IP67-rated housing withstands dust, moisture, and drops of up to 1.5 metres, while built-in 4G, long-range Bluetooth, Wi-Fi, and NFC keep it connected to GNSS receivers and office systems. It ships ready to run ComNav's Survey Master software, supporting topographic and RTK survey workflows, point/line staking, and data exchange in TXT, CSV, SHP, and DXF formats.
