MUYA WT323A Infrared Thermometer

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

MUYA WT323A Infrared Thermometer

Manufacturer: Muya
Model: MEA-MUY-04455
Availability: In Stock

Description

The WT323A is a non-contact, color-screen infrared thermometer built for industrial spot-checks on equipment that's too hot or hard to reach to touch. It reads surface temperature from -50C up to 650C with a 12:1 distance-to-spot ratio, 0.1C display resolution, and a fast 0.5-second response, with emissivity adjustable from 0.10 to 1.00 for scanning different materials accurately.
