

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

MUYA WT65 Optical Power Meter

Manufacturer: Muya
Model: MEA-MUY-04476
Availability: In Stock

Description

The MUYA WT65 is a compact handheld optical power meter built for fiber-optic technicians who need to verify signal strength and troubleshoot fiber links. It measures optical power from -70dBm to +6dBm across six common telecom wavelengths (850, 1300, 1310, 1490, 1550 and 1625nm), with fine 0.05dBm resolution. A switchable absolute/relative power mode, battery-level display, and optional auto power-off make it a convenient everyday tool for fiber loss testing and link verification.
