MUYA WT318B Infrared Thermometer

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

MUYA WT318B Infrared Thermometer

Manufacturer: Muya
Model: MEA-MUY-04518
Availability: In Stock

Description

A handheld, non-contact infrared thermometer that reads surface temperature from a distance using a laser sighting point, letting users check hot equipment, electrical panels, cookware or HVAC surfaces without touching them. It covers a wide range from well below freezing into the several-hundred-degree range, with adjustable emissivity, a backlit display and automatic shutoff to preserve battery life.
