MUYA WT660 Wood Moisture Meter

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

MUYA WT660 Wood Moisture Meter

Manufacturer: Muya
Model: MEA-MUY-04521
Availability: In Stock

Description

A pin-type wood moisture meter for checking lumber, building materials and firewood before use, with selectable scales covering roughly 2% up to 70% moisture depending on material type. Its large LCD, automatic temperature compensation and auto power-off make it a practical field tool for carpenters, flooring installers and firewood sellers confirming stock is dry enough before sale or installation.
