MUYA GM767 TDS Meter

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

MUYA GM767 TDS Meter

Manufacturer: Muya
Model: MEA-MUY-04531
Availability: In Stock

Description

A pocket pen-type TDS meter that measures total dissolved solids in water with a single-touch button and a compact digital display. Built-in automatic temperature compensation keeps readings consistent whether the sample is warm or cool, and the slim probe tip dips straight into a glass, tank, or filter outlet for a quick check. A convenient way to verify drinking water purity, RO/filter performance, or aquarium and hydroponic water quality on the spot.
