This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Suitable for moisture and temperature measurement of rice, barley, wheat, feed, corn, rapeseed, soybean, etc.

Product Overview

Muya Hd640 Grain Moisture Meter

Manufacturer: MUYA

Model: MEA-MUY-04536

Availability: In Stock

Description

A handheld digital moisture meter for testing multiple grain and food varieties, covering a 5%-30% moisture range with roughly $\pm 1\%$ accuracy and 0.5% resolution. It also reads sample temperature (-10C to 60C) and includes grain-type selection, a high-moisture warning, backlight, and Celsius/Fahrenheit switching, plus auto shut-off after 5 minutes idle to save battery.
