Product Overview

MUYA GM89 Micro Power Monitor

Manufacturer: Muya
Model: MEA-MUY-04555
Availability: In Stock

Description

A compact plug-in power monitor that measures the electricity consumption of any device plugged into it, showing voltage, current, wattage, and cumulative kWh usage on its display. It helps users identify which appliances drive up the power bill and track energy use over time. Like its sibling model, it's built for quick, tool-free energy audits at home or in the office.
