Reed R2165-Kit Thermal Imager, 160x120 With Carrying Case

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R2165-Kit Thermal Imager, 160x120 With Carrying Case

Manufacturer: Reed Instruments

Model: MEA-REE-04684

Availability: In Stock

Description

This kit pairs REED's R2165 handheld thermal imaging camera with a rugged R8888 hard carrying case featuring custom laser-etched foam. The imager uses a 160x120 (19,200-pixel) infrared sensor with 0.05C thermal sensitivity, reading temperatures from -10 to 400C (14 to 752F), and displays results plus hot/cold spot markers on a 2.8 in color LCD with a choice of 7 color palettes. Housed in an IP65-rated double-molded shell for job-site durability, it ships with a USB cable and 32GB micro SD card for saving and exporting thermal images and reports.
