Reed R3510-NIST Long Stem Ph Meter, Pen, 0 To 14ph W/Nist Cert

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R3510-NIST Long Stem Ph Meter, Pen, 0 To 14ph W/Nist Cert

Manufacturer: Reed Instruments

Model: MEA-REE-04691

Availability: In Stock

Description

This NIST-certified edition of the REED R3510 pairs the same slim, long-stem pH pen design with a NIST-traceable calibration certificate for documented accuracy. It measures 0 to 14 pH with automatic multi-point calibration and buffer recognition, displayed on a clear LCD, and is built to reach into narrow vessels like test tubes. The added certification suits regulated or quality-controlled environments where instrument traceability must be demonstrated on record.
