Reed R5075-Kit Solar Clamp Meter W/Flex Clamp

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R5075-Kit Solar Clamp Meter W/Flex Clamp

Manufacturer: Reed Instruments

Model: MEA-REE-04696

Availability: In Stock

Description

Bundles the REED R5075 solar clamp meter with the R5065 flexible current probe, extending AC current measurement up to 3000A for large cables and busbars that won't fit the standard jaw. Retains all the R5075's core capabilities -- True RMS AC/DC current and voltage, 1500V/2500V voltage ranges, temperature, resistance, capacitance, and frequency -- in one combined package for solar and industrial electricians who need both clamp and flex-probe reach.
