Reed R5720 Ac Leakage Clamp Meter

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R5720 Ac Leakage Clamp Meter

Manufacturer: Reed Instruments

Model: MEA-REE-04703

Availability: In Stock

Description

A compact clamp meter purpose-built for measuring small AC leakage currents, covering roughly 6 microamps up to 100 amps with True RMS accuracy for non-sinusoidal loads. It has a 1.26-inch jaw opening, a built-in low-pass filter for reading variable-frequency drive equipment cleanly, plus data hold and peak min/max capture, and it carries a CAT III 300V safety rating. Well suited for chasing down ground-fault or insulation leakage on circuits and appliances.
