Reed R7010-Rtip Replacement Probe For R7010 Vibration Meter

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R7010-Rtip Replacement Probe For R7010 Vibration Meter

Manufacturer: Reed Instruments

Model: MEA-REE-04712

Availability: In Stock

Description

This is the REED R7010-RTIP replacement probe set for the R7010 Vibration Meter, providing both a short and a long stainless steel contact tip to swap in once the originals wear out or need a different reach for a measurement point. Keeping a spare set on hand helps avoid downtime when a probe tip is damaged in the field.
