Reed R7110-NIST Tachometer, Photo/Contact, 99999rpm/19999rpm W/Nist Cert

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R7110-NIST Tachometer, Photo/Contact, 99999rpm/19999rpm W/Nist Cert

Manufacturer: Reed Instruments

Model: MEA-REE-04714

Availability: In Stock

Description

The REED R7110-NIST is the same dual-mode contact/laser tachometer, reading up to 99,999 RPM by laser or 19,999 RPM by direct contact, with a backlit rotatable display and onboard memory for max/min/average values. It includes the standard set of wheel and cone adapters and reflective tape for non-contact setups. This unit ships with a NIST-traceable calibration certificate.
