SinoGnss M900 CORS GNSS Receiver

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

SinoGnss M900 CORS GNSS Receiver

Manufacturer: ERP Manufacturer #15

Model: SUR-SIN-04761

Availability: In Stock

Description

An OEM-style dual-antenna GNSS/INS receiver aimed at unmanned systems and reference-station use, combining satellite positioning with an integrated inertial navigation module for continuous heading and positioning even where satellite signals are obstructed. It is IP68-rated, weighs about 1kg, includes 8GB of storage with web-based configuration, and connects via 4G, UHF, WiFi or Bluetooth.
