Product Overview

SinoGNSS LS600 Laser Scanner Whole Set, 32 Line, 120m Range

Manufacturer: ERP Manufacturer #15

Model: SUR-SIN-04771

Availability: In Stock

Description

This is the full-kit configuration of the SinoGNSS LS600 handheld 3D laser scanner, bundled as a 32-line unit with a 120-metre working range for corridor mapping, as-built surveys, and indoor/outdoor point-cloud capture. It combines a multi-line LiDAR sensor with a built-in RTK GNSS module, IMU, and dual wide-angle cameras for real-time SLAM-based mapping at centimetre-level absolute accuracy. This whole-set package includes the scanner along with the accessories needed to start scanning out of the box.
