Toknav P8Pro Portable RTK receiver

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Toknav P8Pro Portable RTK receiver

Manufacturer: ERP Manufacturer #25

Model: SUR-TOK-1790481

Availability: In Stock

Description

The Toknav P8Pro is a compact, pocket-sized RTK receiver (about 143g, roughly 54x37x118mm) built for survey, mapping, and stakeout work. It tracks all major satellite constellations (GPS, GLONASS, BDS, Galileo, QZSS, SBAS) across 1408 channels for centimeter-level positioning, and connects via 4G and Bluetooth to a controller or mobile device. It carries an IP67 rugged rating and runs over 8 hours on a charge, suited to tasks like road construction layout, power-line surveying, and site leveling.
