

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Toknav tBase GNSS Receiver base set

Manufacturer: ERP Manufacturer #25

Model: SUR-TOK-3564251

Availability: In Stock

Description

The Toknav tBase is a rugged base-station GNSS receiver built for local RTK correction and base-rover surveying where network RTK isn't available. It tracks GPS, GLONASS, BDS, Galileo, QZSS, SBAS and IRNSS signals across 1408 channels, achieving roughly 2.5mm static accuracy. It ships with 4G, Bluetooth and WiFi connectivity plus a 5W long-range radio, a 13800mAh battery rated for about 12 hours of field use, 32GB onboard storage, and an IP68-rated housing weighing about 1.5kg.
