Sinognss M300pro CORS GNSS receiver

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Sinognss M300pro CORS GNSS receiver

Manufacturer: SINOGNSS
Model: SUR-SIN-01943
Availability: In Stock

Description

A rugged CORS-class GNSS reference receiver built around ComNav's K8 platform, tracking 1590 channels across all current and planned satellite constellations (GPS, GLONASS, BeiDou, Galileo, QZSS, IRNSS, SBAS). It houses an IP67 aluminum enclosure, a built-in web server for remote configuration and firmware updates, and large onboard storage (32 GB, expandable) for continuous reference-station logging over RTCM, NMEA, BINEX and NTRIP.
